

Freeform's experience shown in attention to every detail

The flexible arch in the detachable seat provides a self fitting pommel. To suit narrow and wide and extra wide fitting horses.

The fully adjustable stirrup position allows for the rider's ideal heel hip shoulder alignment as well as various positions from Classical Dressage to Jumping.

CUTBACK

The "Cut Out" option is a specially cut back pommel to allow extra freedom for horses with high or high and long withers. Horses with flat backs can also use this option.

The self positioning girthing system with movable D-rings places the girth automatically in the girth groove. A forward girthing point can also be improved by the correct girth shape. A "Y" system helps internally to distribute pressure and assists in saddle stability.

Dream Team Products has over 15 years of treeless saddle experience. We are here to help you make an informed decision. Buy in confidence.

Freeform suits all sizes.

Advantages of a Freeform Saddle

- 1 **Proven Design:** Almost 20 Years of treeless saddle making experience has resulted in an excellent choice of models for various riding styles and budgets.
- 2 **Endurance tested:** Treasured by endurance riders over many hundreds of miles and loved by dressage and pleasure riders alike.
- 3 **Hand made,** exactly to your specifications.
- 4 **Adaptable:** A fully flexible treeless saddle which always moulds to your horse's back like a woollen blanket even if you change horses or if your horse changes shape.
- 5 **Narrow Twist:** Freeform offers 6 shaped seats, some with a very narrow twist providing increased comfort for the rider's hips, especially on wide horses. No more sitting in the split or pinching of the horse with a narrow tree.
- 6 **More feeling:** It is like bareback riding. But with the safety and comfort of a saddle. You sit in the movement feeling your horse, rather than just on top of a saddle.
- 7 **More comfort** means more performance for your horse. It can relax more, move more freely and takes longer strides. A more comfortable horse with its rider in harmony and in balance leads to better performance. In the show ring and at home. Freeform Saddles are competition legal.
- 8 **Lightweight:** Saddle and Seat are only 3.5Kg (7.8lbs).
- 9 **Highest quality:** Highest quality Italian leather combined with best workmanship at an affordable price.
- 10 **Huge Choices:** Freeform saddles offer solutions for wide horses, short backed or even high withered horses.

Try it – Feel it – Love it

Freeform Custom Made Treeless Saddles with a choice of materials and seats

A great General Purpose Saddle in elegant Italian calf leather or, our bestseller in Italian Suede as a budget option. This saddle adjusts perfectly to the back of the horse and allows a classic English style seating position for the rider.

Classic
(brown/black)

Classic with Elegance seat

An elegant all round treeless saddle for casual every day riding as well as for top performance in the show ring. Extra comfort for the rider created by the soft seat and knee rolls and for the horse by the horse hugging saddle shape.

Elegance

Elegance with Classic seat

A classically designed Dressage saddle offering excellent support for the rider's position. The specially designed seat shape is narrow in the waist, wide in the seat area, for maximum leg contact. A deep seat with a higher cantle and the classically straight cut flap offers comfort and support with well shaped knee rolls. Also available with a less deep seat if combined with the Elegance or the Classic Seat.

Elite

Elite in suede leather

Freeform, made in Italy

Over 15 different treeless models from English style dressage saddle to Gaited, Close Contact, Endurance and Western saddles. Freeform offers multiple options for the perfect custom built saddle that fits both your horse and yourself. Even able to fit mother and daughter with different seat sizes on one saddle.

Saddle Selector

5 Simple steps to choose your own Freeform Saddle

You select...

- 1 Saddle model and colour, depending on your discipline and personal preference.
- 2 Your seat style and size, depending on your own dress size (i.e. Ladies from 6 to 20).
- 3 Saddle's Finish: From practical grippy and inexpensive suede leather to finest full grain calf leather.
- 4 Saddle's underside material: Sympa Nova or Wool Fleece as Standard, Italian Suede leather or finest Italian Calf Skin leather as options.
- 5 Specify any special requirements for your horse i.e Cut out option for horses with high and or long withers. Or the extra short base being only 18.5" long for a short backed horse.

Seat Shapes

And remember to choose the correct treeless saddle pad (please see table) and girth to suit your horse. You can find more information on our Website or call us on 08450 725 765 and we can assist you in choosing suitable accessories.
